T/N: 'facial cumshot' sounds like 'colour' in Chinese, which would turn the sentence into a Chinese idiom meaning 'teach him a lesson'.

.....

Great!
I've been keeping the tape since that.
What happened? Sounds fun.
Bring it here this afternoon.
Also, don't copy that tape as a backup.

Nobody is boring enough to bother with copying that.

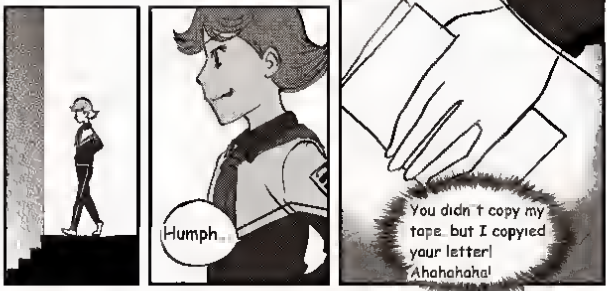
I'll confirm again. You didn't copy it right? Dare you swear?
My entire family will die right now if I made another copy. Satisfied?
OK! I trust you!
We're done now, I'm leaving
.....



Humph...
You didn't copy my tape, but I copyied your letter! Ahahahaha!
